

NANOAPP 2017 SPONSORSHIP AND EXHIBITION OPPORTUNITIES

NANOAPP (nanoapp.ios.si) is a *scientific meeting* of acknowledged and renowned researchers, scientists and experts in the field of nanomaterials and their applications. It is *the third international conference* under the auspices of *Institute for Environmental Protection and Sensors, IOS, University of Maribor* and *Slovenian Academic Society for Technical and Natural Sciences (SATENA)*. It will be held in Golf Hotel Bled, Slovenia, from 14th to 18th of June, 2017. About **300 participants** from the scientific and economic spheres are expected to attend the NANOAPP conference. Scientists and industry will be offered a forum for the presentation of the latest research and discoveries in the field of advanced nanomaterials and their applications at a global level. World-renowned scientists in the field of *synthesis and applications of novel nanomaterials for medicine, biotechnology, energy, environment, sensors, and textiles* will be present at the meeting. Great emphasis will also be placed on delivering information about the impact of nanomaterials and nanotechnology on the environment and human health.

NANOAPP 2017 conference represents a great opportunity to showcase in international arena. Therefore, we offer a variety of opportunities for cooperation.

NANOAPP 2017 GENERAL CONFERENCE SPONSOR

It will be present on all promotional and media activities. Logo will be published in all joint meetings (banquet, reception evening, and trip).
